#PencilMeIn TA Meeting Agendas

November 16th, 2015:
1. purposes → can we just have one?
    a. condense first and third
2. concept
    a. setting up availability as a layer on top of calendar
3. user permissions in data model
4. Security:
    a. What kinds of people are our attackers? What are we supposed to say about this?
        i. People who want to take over google accounts.
        ii. Want to steal calendar.
5. how to plan out the project → **do we still need to ask them this?**

November 23rd, 2015 :
1. Modified MVP specifications
2. clarification of "Demo to mentors" in final project schedule
3. MVP walk through and feedback
4. Debugging advice
5. What does "almost final" demo mean

November 30th, 2015 :
1. Updates:
    a. Addressed comments on MVP,
    b. mostly done with finding an In and tests,
    c. mostly done with backend for general preferences,
    d. email invitations
2. Clarifications on Demo process next week
3. Questions on MVP feedback:
    a. How to split up availability/submit by making minimal calls to the model
4. Potential Obstacles:
    a. manual preferences
